

Walter Person District Ranger
Powell District
Blue Mountain Forest
Farmington, Utah

19 July 1976

Dear Mr Person:

We wish to acknowledge our plans to mine
diamante from the deposit 5 miles east of
the Hildale Turn off.

We wish to proceed within the next few days
with your concurrence. We plan to fully
cooperate with all of the office requirements.
The operation will be small scale for the first
few years. Restoration will be accomplished
as reasonably soon after excavation and removal
as possible.

The history record probably requires backfill
will need to be solid; with one sharp curve
attended.

Please advise us if a more detailed plan is
needed for the present time. Please advise us if we
will be unable to proceed within the next few days.

Sincerely yours,

Diamante Project, Inc.) (Doddridge Rancher, P.D.
